การ Backup ค่า Configuration

1. จากแถบเมนูด้านซ้าย เลือก **Administration -> System Management -> Default Configuration Management**
2. กด **Backup Configuration** เพื่อทำการจัดเก็บไฟล์ Router configuration ไว้บน PC

The screenshot shows the ZTE F660 web interface. The left sidebar contains a menu with the following items: +Status, +Network, +Security, +Application, -Administration (selected), +TR-069, +User Management, Login Timeout, -System Management (expanded), System Management, Software Upgrade, User Configuration Management, Default Configuration Management (selected), Remote Upgrade, USB Backup, USB Restore, Log Management, +Diagnosis, +Loopback Detection, IPv6 Switch, VoIP Protocol Switch, 3G Basic Configuration, and +Help. The main content area shows the path: Administration-System Management-Default Configuration Management. There are two buttons: 'Backup Configuration' (highlighted with a red box) and 'Restore Configuration'. A warning message states: 'The device will reboot after operating.' Below this, there is a section for selecting a default configuration file, with buttons for 'เลือกไฟล์' (Select File) and 'ไม่ได้เลือกไฟล์ใด' (No file selected).

การ Restore ค่า Configuration

1. จากแถบเมนูด้านซ้าย เลือก **Administration -> System Management -> Default Configuration Management**
2. กด **เลือกไฟล์** เพื่อเลือกที่อยู่ของไฟล์ Configuration
3. กด **Restore Configuration** เพื่อเริ่มการทำงาน

The screenshot displays the ZTE F660 web management interface. On the left is a sidebar menu with categories like Status, Network, Security, Application, Administration, System Management, Diagnosis, and Help. The 'Administration' section is expanded, showing 'System Management' and 'Default Configuration Management'. The main content area shows the path 'Administration-System Management-Default Configuration Management' and a 'Backup Configuration' button. Below this, a warning message states 'The device will reboot after operating.' At the bottom of the main area, there is a section titled 'Please select a default configuration file' with a button labeled 'เลือกไฟล์' (Select File) and a 'Restore Configuration' button. The footer indicates copyright from 2008 to 2015 ZTE Corporation.
